BRUNO**

Bruno Independent Living Aids is the leading provider of solutions for an independent lifestyle. Bruno strives to help improve the lives of people challenged with limited mobility by providing high-quality innovative accessibility products.

Founded and headquartered in Oconomowoc, WI for 30 years, Bruno is complemented by its Swedish partner, Autoadapt, for automotive seating solutions, and its UK partner, Home Adapt, for home accessibility products including:

- Stairlift (straight and curved)
- Mobility device lifts for vehicles (interior and exterior)
- Vertical platform lifts (residential and commercial)
- Valet Signature Seating (turning/extending car seats)

***Tour Details:**

Registration will occur at the Plant 3 Lunch Room. Two Tour Groups will be formed with one leaving at 5:00pm and one leaving at 5:10pm. Both Tour Groups will walk to Plant 1 to visit the Manufacturing Department, the Production Welding Department, and the CRE Fabricating/Welding Department. Tour Groups will return to Plant 3 for product demonstrations, dinner and presentation.
